YOURS

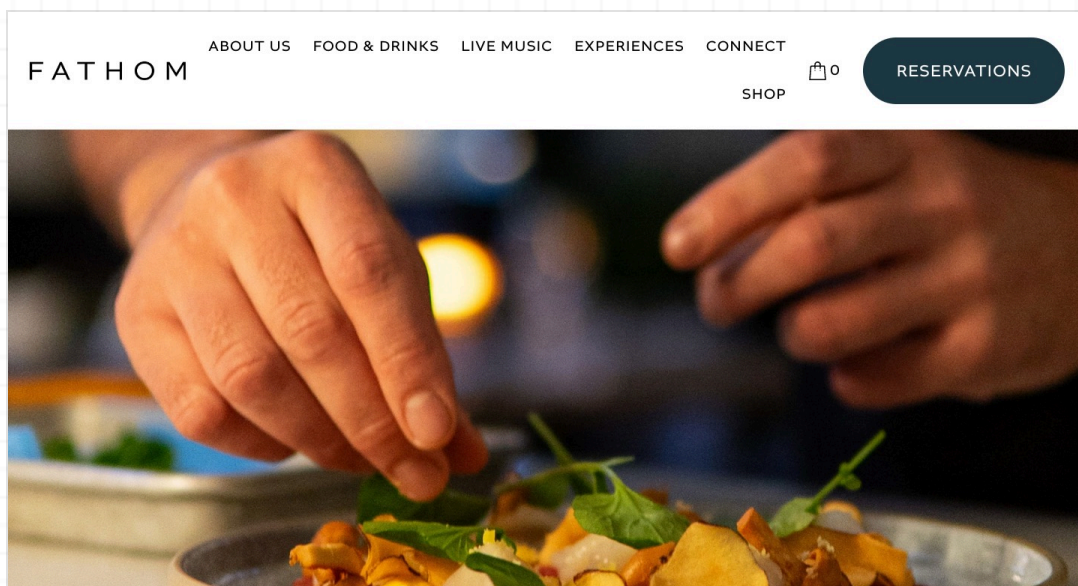

Yours to keep
site and domain in your name

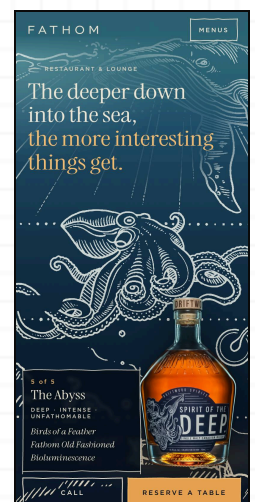

01 WHERE WE STARTED

What we built it around.

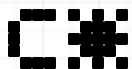

- 01 The deeper down into the sea, the more interesting things get.
Your own line. Option 1 is the engraved sea from your cocktail list, zone by zone down to The Abyss, with Spirit of the Deep on the seabed.
- 02 To cook is to honor the seasons,
Chef Landon Crawford's own words, lettered around the rim of one of your dishes in Option 2, with his Michelin Star at Kai-3, his years at Noma and his Vancouver Island roots beside it.
- 03 No cover. No reservations.
From your Live Music schedule. Option 3 is your own photo of a Saturday jazz night in the lounge, with the next trio from your schedule and over 200 whiskies at the bar.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03 Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$600) when you say go, the rest (\$600) when the site is live. You've seen the homepage before paying anything.
